

# SR&ED Research

SR&ED (Scientific Research & Experimental Development) is a government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

Many incorporated academics qualify for this program.

If you answer YES to any of the following questions you could be sitting on an untapped refund.

- Are you an incorporated academic? Do you have a BN?
- Do you conduct formal or informal research or studies in a field of physical science, technology or medicine?
- Are you associated with an academic institution or hospital?
- Are you affiliated with any research organization, association, not-for-profit or charity?
- Have you been recruited to participate in any formal study?
- Have you participated in data collection for any formal study?

There are only 3 criteria for eligibility plus evidence:

- Scientific or medical uncertainty
  - Scientific or medical advancement
  - Systematic investigation
- *plus* Technical Content

**Proudly Canadian  
Owned & Operated**

**You could qualify for a refund for your formal research.  
How do you get approved? ASK US!**
